L&T Secures ₹ 732 Cr Order from Nuclear Power Corporation of India

Mumbai, December 05, 2012: Larsen & Toubro has secured an order valued at over ₹ 732 crores from Nuclear Power Corporation of India Ltd (NPCIL) for the Rajasthan Atomic Power Plant (RAPP). L&T bagged the order against stiff competition.

L&T Power will supply, install and commission the Balance of Turbine Island package for two new 700 MW capacity units, viz., RAPP 7 & 8, located at Rawatbhata near Kota. The package also includes civil work for the turbine halls, electrical bays and transformer yard.

The Contract underlines L&T's growing contribution in the Indian nuclear energy sector and strengthens its long-standing relationship with NPCIL.

Background:

Larsen & Toubro is a USD 13.5 billion technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. It is ranked 4th in the global list of Green Companies in the industrial sector by the reputed international magazine Newsweek. It is also ranked the world's 9th Most Innovative Company by Forbes International. L&T is one of the largest and most respected companies in India's private sector. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.

L&T Power offers the full spectrum of engineering, procurement and construction solutions in the power sector. Its state of the art manufacturing capabilities - integrated at a single location in Hazira, near Surat - is backed by L&T's track record in project execution.

L&T Power is a brand of Larsen & Toubro
