Keolis, subsidiary of SNCF, the French national railways, has its headquarters in Paris. The company **operates in 13 countries** worldwide and will **manage the operation and maintenance of Hyderabad Metro from 2015.**

To ensure the safe and reliable operation of the Hyderabad metro, **Keolis will start recruiting more than 2,000 new employees** from 2013, including managers, drivers, mechanics and office staff.

If you enjoy delivering **the highest level of customer service**, if you want to develop your skills in an enjoyable and challenging environment, **come and work with us!**

Opportunities exist for experienced personnel as well as young professionals.

## Global player, local opportunities

### Keolis - future operator of the Hyderabad metro

Seamless commuting in Hyderabad will soon be a reality.

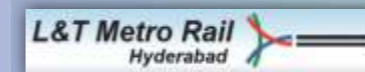

The future metro network will carry 1.5 million passengers per day. It will cover a total distance of **71 kilometres** through **three high-density corridors** and **64 ultra-modern station buildings with state-of-the-art depots** and complete infrastructure.

The Government of Andhra Pradesh (GoAP), through Hyderabad Metro Rail Limited, has decided to develop a state of the art metro in Hyderabad which is the world's largest Public-Private Partnership. L&T Metro Rail Hyderabad Ltd, a subsidiary of Larson & Toubro group, has been selected to manage this metro project as concessionaire.

Larsen & Toubro, India's largest construction and engineering group, has, through its subsidiary L&T Metro Rail Hyderabad Ltd, won the concession of Hyderabad Metro. L&T is one of the largest and most respected companies of large infrastructure projects in the domestic & international arenas. It has chosen to partner with Keolis for the Operation and Maintenance of the Hyderabad Metro.
