SAP ERP Go-live at L&T's MFF Hazira

On January 18, 2010, with the click of the mouse, Mr. V. C. Bedi, Executive Vice President, Hazira Manufacturing Complex, launched SAP, ERP 6.0 at E&C's Modular Fabrication Facility (MFF) at L&T's Hazira Manufacturing Complex in Gujarat under Project PRISM (Process Re-engineering & Implementation of SAP at MFF).

This will integrate core business processes at MFF, leverage the Operational Excellence Program, and help to operationalize and sustain its benefits across E&C.

Process improvements, IT-enabled human productivity, Production and Project Management, Subcontract and Labour Management, Safety, Quality and Financial Systems will be the key deliverables.

This event is the culmination of the untiring efforts in understanding, improvising, reengineering and coding the MFF business processes into SAP realm by a team of 91 engineers & consultants from E&C and L&T Infotech.

Mr. K. Venkataramanan, Member of the Board & President (E&C Projects), and Mr. P. S. Kapoor, Head, F&A-E&C, complimented the team through video conference from Mumbai. Others present at the function included Mr. U. Dasgupta, Executive Vice President & Head - Upstream Hydrocarbon Projects OC; Mr. V. N. Desai, VP and Head, MFF; Mr. S. Anantha Sayana, Head, Corporate IT; Mr. H. T. Naik, Head, Manufacturing, MFF; Mr. V. Shiroor, Chief Mentor, SAP Project, L&T Infotech; Mr. R. Tripathy, Sr. Project Manager, L&T Infotech; and Mr. S. Thiyagarajan, Head, Engg & IT.
