L&T's Heavy Engineering Division bags EEPC Star Export Performer Award

In recognition of the consistent export performance by L&T's Heavy Engineering Division (HED), the Kolkata based Engineering Export Promotion Council (EEPC) has conferred on it the prestigious Star Export Performer Award. HED bagged the award in the category of General Purpose Machinery: Large Enterprise. This is the second consecutive year that HED has secured this honour.

Mr. V.C. Bedi (right) receiving the award from Mr. Anand Sharma, Commerce & Industry Minister. Mr. Aman Chadha (left), Chairman, EEPC, looks on.

Mr. V.C. Bedi, Executive Vice President, HED, L&T, received the award from Mr. Anand Sharma, Minister of Commerce & Industry, Government of India, at a function in Mumbai on August 29, 2009.

HED has been registering consistent export performance since the mid 90s, and has supplied critical equipment to more than thirty countries across the globe. The Division has the distinction of being a preferred supplier to Oil & Gas majors and won a number of contracts on nomination basis.

The EEPC, sponsored by the Ministry of Commerce, Government of India, was set up in 1955 to recognize and encourage exporters of engineering products & services.
