The other order is a **USD 450 million** EPCI project awarded to L&T Hydrocarbon's Upstream Business Group from ADMA-OPCO, a subsidiary of ADNOC and a major producer of Oil & Gas for the UAE. The early production project Phase-1 of Nasr & Umm Lulu Field Development Projects includes four wellhead towers and a manifold tower platform, connecting bridges and associated sub-sea pipelines. L&T has in-house engineering, fabrication facilities in three locations including the GCC region at Sohar, (Oman) and its own heavy-lift and pipe-laying vessel, LTS-3000.

L&T has also been awarded a **USD 250 million** contract from PTTEP International Limited (PTTEPI), a subsidiary of PTT Public Company Limited, Thailand for its Zawtika Development Project, Phase-1A.
