# **L&T bags EPCC Order for Methanol Reformer Package at RCF Chembur**

**Mumbai, September 17, 2007:** Larsen & Toubro Limited (L&T), India's leading technology, engineering and construction company, has been awarded an order for Methanol Reformer Package as a part of 'Trombay Methanol Revamp Project' for Rashtriya Chemicals and Fertilizers Limited (RCF), Chembur.

This project is of paramount importance to RCF in order to enhance overall energy efficiency, reliability and life of the methanol plant along with augmentation of capacity from present 180 TPD to 220 TPD of methanol product. The owner has retained M/s Haldor Topsoe A/S of Denmark as the process licensor and Projects & Development India Limited (PDIL) as the Project Consultant.

This order, valued at Rs. 770 million (Rs. 77 crore), comprises the detailed engineering, procurement, supply, transportation, storage, fabrication, inspection, construction, installation, testing, mechanical completion and assistance for pre-commissioning, commissioning and performance guarantee test runs for the said project.

The order was bagged by L&T against stiff competition from internationally reputed reformer suppliers, on the strength of its track record in execution of similar projects meeting strict quality requirements and conforming to stringent delivery schedule.
