

L&T Among Top 15 In Global Sustainability Performance Ranking

In the Dow Jones Sustainability Index 2016 published on September 8, 2016, L&T has been listed among the top 15 leaders in the Construction & Engineering sector in the world.

In addition, L&T has retained its position of being the only company from India in Capital Goods category in the Emerging Markets Index (DJSI-EMI). L&T improved its score by 10% compared to last year.

This is the fourth consecutive year that L&T has made it to the top few in the Capital Goods category and among the top 10 Indian companies who made it to the DJSI-EMI listing. The high rank serves as an affirmation of the Company's wide-ranging sustainability programmes.

DJSI is the gold standard for corporate sustainability and the first global index to track the leading sustainability-driven companies based on the analysis of financially relevant Environmental, Social, and Governance (ESG) factors and S&P DJSI's robust index methodology. Around 3,400 publicly traded companies from the developed and emerging markets are invited to take part in this annual Corporate Sustainability Assessment.

DJSI listing reaffirms L&T's commitment to principles of sustainable development and adds one more accolade into L&T's sustainability journey.
