# L&T wins (Ultra-Mega\*) Order for Hydrocarbon Onshore Business

**Mumbai, October 09, 2025:** L&T's Hydrocarbon Onshore business (L&T Energy Hydrocarbon [LTEH] Onshore) has won an ultra-mega order for setting up a Natural Gas Liquids plant and allied facilities in the Middle East.

L&T has won the order in consortium with the Greece-headquartered Consolidated Contractors Group S.A.L. (Offshore) (CCC).

The scope of work encompasses engineering, procurement, construction, installation and commissioning of a Natural Gas Liquids plant and allied facilities for processing Rich Associated Gas (RAG). This also involves all associated utilities and offsite and integration with existing facilities.

Under the consortium arrangement, L&T, as the lead partner, will be responsible for engineering and procurement; CCC will handle the construction activities.

The RAG sourced from offshore and onshore oil fields will be treated at the plant to remove impurities like H<sub>2</sub>S, CO<sub>2</sub> and H<sub>2</sub>O, producing value-added products such as lean sales gas, ethane, propane, butane and hydrocarbon condensate.

Commenting on the order win, **Mr S N Subrahmanyam, Chairman & Managing Director - L&T**, said: "The ultra-mega order reaffirms L&T's position as a trusted partner in delivering mega energy infrastructure. It underscores our growing global footprint and ability to execute projects of high complexity in partnership with leading players like CCC. We deeply value the confidence reposed in us and remain committed to creating long-term value through safe, sustainable and timely execution".

**Mr Subramanian Sarma, Deputy Managing Director & President - L&T**, added: "This project is not just about scale but is also about bringing in advanced engineering, long-term reliability measures and complex brownfield interfaces to deliver value-added products. The order strengthens L&T's role in shaping energy security, while deepening the relationship with oil & gas companies through world-class execution".

LTEH Onshore is one of India's largest EPC businesses, delivering comprehensive Lump Sum Turnkey solutions across the upstream, midstream and downstream hydrocarbon sectors. With a strong execution track record across geographies, it has successfully delivered refinery expansions, petrochemical complexes, gas processing plants, fertiliser plants, LNG terminals and cross-country pipelines.

**Background:**

Larsen & Toubro is a USD 30 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

***\*Project Classification***

<i>Classification</i>	<b>Significant</b>	<b>Large</b>	<b>Major</b>	<b>Mega</b>	<b>Ultra-Mega</b>
<i>Value in ₹ Cr</i>	1,000 to 2,500	2,500 to 5,000	5,000 to 10,000	10,000 to 15,000	>15,000
