L&T-Sargent & Lundy appointed as Engineering Consultant for 400 MW Bibiyana III Gas based Power Plant in Bangladesh

L&T-Sargent & Lundy has been appointed as Engineering Consultant to carry out Basic and Detailed Engineering of 400 MW Bibiyana III Combined Cycle Power Project in Bangladesh. L&T-S&L's scope of services, apart from complete detail engineering also includes interface engineering for overall integration of various power plant equipment/packages. L&T-S&L shall also provide field engineering support during commissioning and performance testing.

The order is received from Larsen & Toubro (L&T), who is the EPC Contractor to Marubeni Corporation, Japan. BPDB, Bangladesh has awarded the contract for setting up the Gas based Power Plant project to Marubeni Corporation.

L&T Power is presently executing two more gas based combined cycle power projects in Bangladesh on EPC basis - 360 MW Bheramara and 225 MW Sikalbaha for BPDB. For both these projects L&T-S&L is carrying out Basic & Detailed engineering. Both the projects are in advanced stages of construction.
