

Project Management Institute (PMI) USA award for ONGC Bassein Development Project

Project Management Institute, USA, one of the world's leading professional membership associations for project management professionals, at the Global Conference held on 6th October 2019 at Philadelphia, USA awarded L&T Hydrocarbon Engineering (LTHE), the **Best of the Best in Project Management** for the Bassein Development Project.

The awards jury appreciated LTHE's commendable performance of handing over of the mammoth project 86 days ahead of the completion schedule, demonstrating its prowess in Project Management for such challenging and complex projects across the EPC value chain.

These recognition from PMI has reinforced LTHE's confidence in its ability to execute complex mega projects ahead of schedule, setting up another benchmark of Execution Par Excellence.
