## **SNS Interacts with Hon'ble Prime Minister & Industry Captains to Ideate for Taking India Forward**

Hon'ble Prime Minister Mr Narendra Modi met 20 leading CEOs, including the L&T CEO & MD Mr S N Subrahmanyam, on 20 December 2021. This was to evolve strategies to take India forward, ahead of the Union Budget scheduled to be presented in the Parliament in February 2022.

In an open and free-flowing conversation with the CEOs of leading companies from across sectors including engineering, banking, automobiles, telecom, consumer goods, renewables, hospitality, technology, healthcare, space and electronics, the PM shared his vision and expansive thinking and sought ideas, suggestions and comments from the illustrious gathering drawn entirely from India's private sector. Focusing on research and innovation, Mr Modi hoped that in every sector, every industry, India should be among the top five in the global rankings and, if possible, Number 1.

“He has shown us the way and has shown leadership to the country,” SNS has said, describing his experience and his interaction with the PM. “His passion and commitment unite all of us and make us proud to be Indians under his leadership! He is a terrific and patient listener. It is great to have such a person as the leader of our nation and I look forward to more such sessions.”
