L&T Construction Awarded (Significant*) contract for its Water & Effluent Treatment Business

Mumbai, Sept 15, 2022: The Water & Effluent Treatment Business of L&T Construction has secured a repeat order from the Department of Water Resources, Government of Odisha, to execute a Pressurized Underground Pipeline Irrigation Network System for the Right Command of Lower Suktel Irrigation Project.

The project envisages to provide water to irrigate 27,000 Ha of Culturable Command Area (CCA) in the Balangir district of Odisha. The project scope involves Survey, Design, Engineering, Supply, Laying, Installation & Commissioning of MS, DI & HDPE pumping main & distribution network with all allied electromechanical & automation works.

The order from the irrigation sector reiterates the customer's confidence in L&T's business capability to meet the requirements of farmers and help in the development of agriculture across the state.

Background:

Larsen & Toubro is an Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality has enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
