L&T Construction Wins Orders (Large*) for Power Transmission & Distribution business

Order wins include a Floating Solar PV Plant on Panchet Dam

Mumbai, February 07 2024:

The Power Transmission & Distribution (PT&D) business of Larsen & Toubro has won multiple orders in India and the Middle East.

The business has bagged an order to establish a 75MW Floating Solar PV plant on the Panchet Dam. This plant forms part of the Ultra Mega Renewable Energy Power Park being developed on Damodar Valley corporation reservoirs in Jharkhand and West Bengal.

In Saudi Arabia, an order has been received for turnkey construction of a 380kV Substation.

The business has also won substation and voltage conversion orders from hydrocarbon companies in Kuwait and Saudi Arabia. In an ongoing 220kV Power Supply Project in the UAE, an additional order has been secured.

Background:

Larsen & Toubro is a USD 23 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

* Project Classification

Classification	Significant	Large	Major	Mega	Ultra-Mega
