L&T's Heavy Civil Infrastructure Vertical Wins (Significant*) Order from NPCIL

Mumbai, September 16, 2025: The Heavy Civil Infrastructure (HCI) business vertical of L&T has won a significant order from Nuclear Power Corporation of India Ltd (NPCIL) for 2X1000 Mwe Kudankulam Nuclear Power Project (KKNPP - 5 & 6) in Tamil Nadu.

The scope encompasses the mechanical package for the project, including installation of the nuclear reactor and turbine systems (with generator and condenser), sea water systems, polar and trestle cranes, and other related equipment. It also includes accessories, piping, supports, structural steelwork, painting, anti-corrosion coating, insulation and full testing across various buildings and structures on site.

The order reinforces L&T's track record and proven expertise in delivering complex and large-scale nuclear power infrastructure projects for India's clean energy mission.

Background:

Larsen & Toubro is a USD 30 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

* Project Classification

Classification	Significant	Large	Major	Mega	Ultra-Mega
Value in ₹ Cr	1,000 to 2,500	2,500 to 5,000	5,000 to 10,000	10,000 to 15,000	> 15,000
