# L&T Wins (Major\*) Orders for Power Transmission & Distribution Business

**Mumbai, June 10, 2025:** The Power Transmission & Distribution (PT&D) business vertical of Larsen & Toubro has won new grid infrastructure orders in India and abroad.

In India, it has won an order to build 765kV and 400kV transmission line jobs pertaining to the integration of a Renewable Energy Zone in Andhra Pradesh.

In the Middle East, the business has received orders to execute a set of 220kV and 132kV Gas Insulated Substations on turnkey basis. These orders come from leading transmission asset owners and operators in the respective countries.

The new orders mark a key milestone for PT&D in its pursuit of delivering future-ready grid infrastructure to help realise the energy transition and sustainable energy goals of its valued customers.

### Background:

**Larsen & Toubro** is a USD 30 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
