L&T Wins (Large*) Contract for Hydrocarbon Business

Mumbai, Feb 05, 2024: The Hydrocarbon vertical (L&T Energy Hydrocarbon - LTEH) of Larsen & Toubro (L&T) has recently secured a large onshore project from IndianOil Adani Ventures Limited.

The scope of work includes engineering, procurement, construction, and commissioning of Offsite Tankages, Bullets and other associated facilities on Lump Sum Turnkey basis.

LTEH is executing four prestigious projects under IOCL's P-25 expansion programme. The earlier awarded projects under program-25 include Residue Hydro Cracker Unit (RHCU), Diesel Hydrotreater (DHDT) and Reactor Regenerator Package (RR).

Organised under Offshore, Onshore EPC, Modular Fabrication, Advanced Value Engineering & Technology (AdVENT), and Offshore Wind Farm Business Groups, LTEH offers integrated design-to-build solutions across the hydrocarbon sector to domestic and international customers. With over three decades of rich experience, LTEH has been setting global benchmarks in all aspects of project management, corporate governance, quality, health safety environment (HSE) and operational excellence.

Background:

Larsen & Toubro is a USD 23 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
