L&T Heavy Engineering Despatches Steam Generator for Haryana Nuclear Power Plant

Mumbai, August 21, 2025: Marking yet another milestone in India's civil nuclear energy programme, L&T Heavy Engineering has despatched a Steam Generator to the Gorakhpur Haryana Anu Vidyut Pariyojana (GHAVP), located in Fatehabad district, Haryana.

The Steam Generator was ceremonially flagged off from L&T's state-of-the-art manufacturing facility at Hazira in Gujarat, in the presence of NPCIL Chairman & Managing Director Mr Bhuwan Chandra Pathak, Director (Technical) Mr Rajesh Veeraraghavan along with other senior officials of NPCIL and L&T.

This is first of the four Steam Generators that L&T is manufacturing for GHAVP and is meant for its Unit 3 & 4. Notably, the Steam Generator has been despatched seven months ahead of schedule, reinforcing L&T's reputation for excellence and reliability in nuclear manufacturing.

GHAVP 3&4 are a part of the ten indigenous 700 MWe Pressurised Heavy Water Reactors (PHWRs) being set up in the country in fleet mode by NPCIL.

Speaking at the flag-off ceremony, **NPCIL CMD Mr Pathak said:** "With a remarkable technology transformation, L&T Heavy Engineering has enhanced both speed and quality of its execution. This is a strong indication of industry preparedness in manufacturing of critical equipment for nuclear power plants and will go a long way to achieve the target of 100 GWe by 2047".

Mr Anil V Parab, Whole-time Director and Senior EVP (Heavy Engineering and Construction Equipment & Industrial Product Design Development, L&T) said: "Heavy Engineering continues to be the industry trendsetter in the manufacture of critical nuclear components. With end-to-end capability as one-stop-shop solution provider, L&T will be a major contributor to India's 100 GWe nuclear programme of Viksit Bharat - 2047".

L&T set a global benchmark by delivering a Steam Generator in just 33 months. L&T has till date delivered 5 steam generators for the 10 X 700 MWe fleet programme.

Background:

Larsen & Toubro is a USD 30 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
